About Glemham

Glemham Underwriting was founded in 2006, providing A-rated capacity, specialist advice and expertise on Professional Indemnity insurance to brokers throughout the UK. Since then we have expanded our scope to offer unique Farm, Environmental Impairment, Commercial Combined and Property insurance.

With over 250 years of combined experience, we understand the challenges faced by brokers; not all risks are straightforward, and that's why we give you direct access to our underwriters. We'll listen, talk through your risk in detail, and underwrite its nuances.

With the support of experienced teams offering expert technical knowledge, exceptional underwriting, and a commitment to clients, Glemham boasts an extensive underwriting capability.

Our products

Professional Indemnity

Cover for damages and costs in relation to claims for alleged professional negligence or incorrect advice.

Professional Indemnity

Our professional indemnity product range includes the professions listed on the next page. If your client needs it, we can also offer Employer's and Public & Products Liability for professional occupations. Our Technology, Media and Telecoms products are specifically designed to combine Public & Products Liability with the PI cover, because we know that these exposures are often interwoven.

Key features

Civil liability

Breach of confidentiality

Defamation

Dishonesty of employees

Copyright / trademark infringement

Bodily injury (breach of prof. duty)

Risk appetite

We're happy to consider the vast majority of companies, or individuals, who should carry professional indemnity insurance, providing A+ rated cover from quality PI markets. Applicable trades / professions include (but are not limited to):

- Accountants (including ICAEW members)
- Architects
- Construction professionals (Estimators, Project Managers, Planning Supervisors etc)
- Consulting engineers
- Design and construction (Contractors)
- Education consultants
- Environmental consultants
- Estate & letting agents
- Health & safety consultants
- Technology, media & telecoms consultants
- Management consultants
- Marketing & media (non-broadcast)
- Medical & scientific consultants
- Recruitment consultants
- Surveyors (including RICS members)
- Unreserved legal services

“ The Glemham Underwriting team are great to work with.

Knowledgeable, responsive and willing to assist to help win new business where they can.

Farm & Agriculture

Exclusive insurance cover backed by Aviva for farm, rural, and agricultural businesses.

We operate an MGA designed for farms and agricultural diversification with long-term capacity provided by Aviva. We have developed, improved, and refined the product features and services to ensure our farm policy can cater for a range of different agricultural enterprises.

Our policy is specifically designed for farms and agricultural diversification and can cater to traditional and specialised farms. Whether your clients are involved in crop cultivation, livestock rearing, holiday homes, or letting out buildings, we can arrange a policy to protect them from the risks they're exposed to.

Key features

EIL cover included

Covers diversification

Public liability

Property damage

Business interruption

Risk appetite

We're interested in risks that are majority farming activity, with some element of diversified activity also accepted.

Standard farming, including:

- Dairy
- Arable
- Livestock
- Fruit farms

Diversified farms, including:

- Property owners
- Guest houses & B&B
- Campsites
- Retail
- Agricultural contracting
- Farm visits / tours

“ I have dealt with Glemham Underwriting for almost four years and have found the service to be extremely professional and helpful. I particularly enjoy a good cover discussion with Sean and the team.

Environmental Impairment Liability

Cover for costs resulting from a pollution incident due to your clients' business activities.

We have partnered with The Hartford, to bring to market an environmental liability product designed to cater for all UK businesses no matter what the size.

The wording has been constructed to offer a comprehensive package suitable for both contractors and site-based risks.

Any business dealing with pollutants, including chemicals, oil, or fuel, or handling waste products, is at risk of causing a pollution incident.

EIL insurance would benefit these businesses by providing protection from the high costs involved with cleaning up a pollution incident.

Key features

Clean-up costs

Third-party claims for bodily injury, property damage or nuisance

Environmental damage

Transportation

Business interruption

Emergency costs

Commercial Combined Insurance

Commercial insurance designed to assist in mitigating the impact of losses which occur during your client's normal business activities.

Our A (or better) rated Commercial Combined product is a versatile packaged offering, designed to offer cover for businesses operating in manufacturing, wholesale, or service industries, and those involved in sports, arts, community, and leisure sectors.

This flexible product encompasses both property and liability protection, with the added benefit of tailored sector-specific cover to meet diverse business needs. Cover is available via Lloyd's or Company Market security, depending on the nature of the risks and covers required.

Key features

Property damage

Business interruption

General liabilities

Business all risks

Products public liability

Excess PL layer
